RECIPROCITY.

Views Expressed by Members of
the Canadian Cabinet on the
Sherman Resolution.

It Will Be Taken Up by the Do-
minion Parliament When
Passed by Congress.

Action of the Trades Union Convention at
Liverpool—British Labor Topics—Re-
solutions—The Slightly Wounded—Correcting
Abuses in the English Army—Flood and
Famine in the Yellow River District of
China—A Paris Journalist With Seven
Ducks on Hand—Evictions in Ireland—
Foreign News in Brief.

OTTAWA, Ontario, Sept. 6.—All the Cabinet
Ministers in town were asked to express an
opinion on Senator Sherman's reciprocity
resolution. They were, of course, reticent,
but displayed an antagonism to Senator Sher-
man's proposal. On the contrary, they
seemed inclined to regard it with some favor,
and were of the opinion that if the proposal
passed the United States Senate it would be
taken up by the Parliament of Canada.

Sir John Thompson, Minister of Justice,
said it was a delicate matter to speak of with-
out consultation with the Premier and his
colleagues. All he could say was that the
proposition, as he understood it, was an im-
provement on former proposals emanating
from Washington, inasmuch as it did not
commit either party to any particular method
or plan to promote the object in view. In this
regard the resolution seemed to him to be
unobjectionable.

As to the distinct proposal for free trade in
coal, Sir John said he did not think the feel-
ing of the mining interests in Nova Scotia,
his own province, would be in favor of free
trade with the United States in coal. The
Toronto papers asserted that the coal trade in
Nova Scotia was depressed for want of free
trade, but they were mistaken. The coal trade
was growing and was not at all depressed.

He did not think there was a coal mine in
Nova Scotia, except perhaps the Spring Hill
mine, in favor of reciprocity in coal. Sir
John admitted, however, that the Spring
Hill mine was by far the largest and most im-
portant in the province. Its output was
enormous. There was a section in Nova
Scotia that favored reciprocity in coal irre-
spective of its effect on the mining interests,
but it was not so large as in past years. The
Nova Scotia miners were handicapped in their
competition with American miners by
matters of transportation, and could not
supply even the New England States, always
excepting Spring Hill.

Mr. Foster, Minister of Finance, preferred
not to express a decided opinion. The Sher-
man resolution, he said, was the best propo-
sition made since the old reciprocity treaty.
It seemed fair towards Canada. As to recip-
rocity in coal alone he was not in favor, as a
rule, of these single-clause reciprocity treat-
ies. No doubt if the Senate, which was the
controlling body of Congress, passed the
resolution it would be considered by the Parlia-
ment of Canada.

Hon. Edgar Dewdney, Minister of the In-
terior, spoke favorably of the Sherman resolu-
tion, saying on the face of it the resolution
appeared a reasonable one.

Correcting Abuses in the Army.

CORR, Sept. 6.—The war office here deter-
mined upon a summary disposition of cases
of wanton abuse of authority on the part of
officers in the army. A Welsh regiment is
stationed here. Among the members of the
regiment is Lieut. J. C. Jones, who has always
enjoyed a wide popularity among the pri-
vates, but has been ignored, boycotted and
persecuted by his fellow officers, and sub-
jected by them to petty annoyances of all
kinds. This persecution culminated about
two months ago when the Lieutenant's room
was broken into at night and he was dragged
from his bed, taken outside to a secluded
spot and tarred and feathered. A few days
later Lieut. Jervois refused to salute his su-
perior officer when on parade, as he knew that
officer was one of those guilty of the indignity
heaped upon him previously, and he had no
other means of showing his resentment. Fol-
lowing this he abandoned himself from his
regiment and proceeded to England to visit
his relatives. When he had been absent four
days he was arrested as a deserter and brought
back here and subjected to eight weeks' con-
finement in his quarters. His relatives lodged
a complaint with the Government for this
conduct, and the inquiry for this reason
resulted in a decision was announced Wednesday
last to the effect that two officers are deprived
of their commissions and four others placed
at the bottom of the promotion list, with the
option of resignation. It is this decision that
is causing the sensation here, and is univer-
sally accepted as just.

British Labor Topics.

LONDON, Sept. 6.—The election of Mr. Chas.
Fenwick, M. P., as secretary of the Parlia-
mentary Labor Committee by the Liverpool
Trades Union Congress, is considered a wise
move. The morning papers generally com-
mend it as likely to improve the character
of the work done by the committee. The scene
in the Congress when Mr. Broadhurst, who
had held the secretaryship for fifteen years,
made his fare well address was a touching
one.

A sensation has been caused among trades
unions here by the result of the presentation of
President Ingham of the National Bootmakers'
Union, on a charge of attempting to influence
the manager of a factory at Daventry to join
the striking employees of the establishment.
Ingham was convicted and fined \$50.

Quite an indignation is aroused against
President-General Ingham on account of his
petty abuse of the postmaster, because they
sought to secure better treatment. Ingham,
it appears, has induced the association for find-
ing employment for discharged soldiers and
others, to refuse their friendly services to the
dismissed postmen.

The ship owners at Melbourne have called
the newly formed Ship-owners' Union in
England that they are making a powerful
combination with a view to joining the union.

The Trades Union Congress at to-day's
session in Liverpool adopted resolutions to
boycott unfairly made goods and railways,
tramways or boats whose workmen are unde-
sired and of ex-slaves.

Fatal Fall From a Window.

John Gabel, a laborer, 35 years of age, liv-
ing at 381 Pennsylvania avenue, fell from the
second floor last Thursday and sustained
internal injuries from which he died at the
City Hospital yesterday. He was a single man
and has no relatives in the city. An inquest
will be held to-morrow morning. Gabel, it is
said, went to sleep in his window and
leaving his balance fell to the pavement be-
low.

papers from all future Congresses of
the Union. Mr. Birtwistle, one of
the members of the committee appointed to
urge upon Parliament the passage of a meas-
ure making eight hours a legal day's work,
resigned because he did not agree with the
views of the committee in regard to such a
measure. Mr. Slater, one of the delegates
who was appointed to act in Birtwistle's
place, refused to act, and John Burns, the
English labor agitator, was finally appointed
to fill the vacancy. The congress then dis-
solved.

The Birchall-Benwell Murder Case.
NIAGARA FALLS, Ontario, Sept. 5.—Miss Alice
Smith of Eastwood, one of the principal wit-
nesses in the Birchall-Benwell murder case,
who was reported to have disappeared, has
been living here for the past four months,
where she is employed in a photograph
studio. She says nothing could induce her to
absent herself from the trial, and when she is
required by the Government she will be on
hand to testify to what she knows of the case.
Besides Miss Smith there will be a dozen
other witnesses from this town present at the
trial. Government Detective Murray who was
in town yesterday called on Miss Smith, who
assured him also that she would be on hand
when wanted.

Flood and Famine.
LONDON, Sept. 6.—Advices from China re-
port the Yellow River again on the rampage.
The river has burst its banks in the Shantung
district and flooded a vast area of country.
Thousands of persons have been drowned and
widespread famine has resulted.
The river Elbe is rising rapidly and a por-
tion of Dresden is inundated. A number of
school-houses have been closed, as they are
in danger of being submerged.
The Sava River in Silesia has overflowed its
banks and the town of Fischewer is inunda-
ted.

Will Be Sent to a Lunatic Asylum.

HAMBURG, Sept. 6.—The Hamburger Nach-
richten says that Herr Abranti, the Bulgarian
Deputy who recently published an account of
an interview purporting to have been held by
him with Prince Bismarck, but whose asser-
tions were repudiated by the ex-Chancellor,
and who then published a letter insisting that
his account of the interview was correct, is
suffering from nervous mania. His condition
is such that it has been decided that it will
be necessary to place him in a lunatic asylum.

French Duelists.

GHENT, Sept. 6.—After four abortive at-
tempts M. Rochefort and M. Thibaud fought
a duel this morning. M. Thibaud was
wounded. Rochefort was the challenging
party. The meeting grew out of the recent
revelations concerning the methods pursued
by Gen. Boulanger in France to restore his
lost popularity. The duel was fought at
Lainghe, Holland. M. Thibaud was wounded
in the thigh. His injury is trifling.

Want a Home Healer.

OTTAWA, Ontario, Sept. 6.—The Labor Con-
gress at midnight adopted the following resolu-
tion: Whereas, This Congress is of the opinion
that the people of Canada at present are cap-
able of finding a man among themselves to per-
form the functions of Governor-General of
Canada, therefore be it
Resolved, That we demand on behalf of the
people of this country the right to hereafter
elect our Governor, instead of having one ap-
pointed by the British Government.

Seven Ducks on Hand.

PARIS, Sept. 6.—M. Mermoz, the author of
the revelations published in the Figaro con-
cerning Gen. Boulanger with attempting to bet-
ray the party, was formerly editor of the Cour-
rier, the organ of Gen. Boulanger, but is now
connected with the Figaro. The revelations have
caused much indignation among some of the
supporters of Gen. Boulanger and seven of
his more ardent adherents have sent chal-
lenges to fight duels to M. Mermoz.

An Umbrella Company Fails.

TORONTO, Ontario, Sept. 6.—The Colonial
Umbrella Manufacturing Co. has made an as-
signment. The liabilities are not yet known,
but will, it is believed, be fully covered by
the assets. All the heavy creditors are in
England and the United States. The assign-
ment is said to have been brought about by
internal disagreements. The firm is the first
umbrella manufacturing concern in Canada.

British Imports and Exports.

LONDON, Sept. 6.—The Board of Trade re-
turns, just issued, show that during the month
of August the imports decreased \$1,610,000
and the exports increased \$1,420,000 as com-
pared with the corresponding month last
year.

The Argentine Republic.

BUENOS AYRES, Sept. 6.—At the request of
the Governor of the Province of Entre Rios,
the Government has dispatched a detachment
of troops to that province to guard against
disorders.

The premium on gold is 128 per cent.

Evictions in Ireland.

DUBLIN, Sept. 6.—Extensive preparations
are being made on the Ophir estate near
Falcarragh for the eviction of the last batch
of tenants who adhere to the plan of cam-
paign. They number about two hundred and
fifty souls.

Foreign News in Brief.

of age.
Sinaloa and several other Hungarian vil-
lages have been nearly destroyed by fires.
M. Constans, French Minister of the In-
terior, has begun a crusade against gambling
clubs in Paris.

ways, is in Russia for the purpose of study-
ing the system of cheap railway construction,
so successfully carried out in that
country.

A watchmaker named Goering, who was a
soldier in Napoleon's army, which retreated
from Moscow, has just died at Hamburg,
aged 106 years.

The steamer Hohndeur, plying between
Charbourg and Southampton, is ashore near
Bembridge, on the east side of the Isle of

Born on the Train.

CHICAGO, Ill., Sept. 6.—A special train from
Darien, N. D., says: The worst hailstorm on
record occurred here last evening and all
crops in this country that were spared by the
dread and ready for harvesting were utterly
ruined. For an hour huge hailstones fell,
smashing windows in every house in the city
and driving their frightened occupants to the
cellars for shelter. The extent of the damage
cannot even be estimated, but one thing is
certain, the destruction of next year will be
totally eclipsed by that of last winter.

Dead on the Train.

CHICAGO, Ill., Sept. 6.—The wife of
Black Bull Bear, a Sioux chief attached to a
straw, gave birth to a girl baby on the train

WANT CAMPBELL'S SCALP

THE GOVERNOR OF OHIO TO BE BOUNCED
BY THE DUCKWORTH CLUB.

He Has Appointed Republicans to Office—
Ticket Nominated by the Texas Repub-
licans—Injunction Refused in the Pulaski
County (Ark.) Case—Massachusetts Ballot
League—Glick a Candidate—General
Politics.

NEW YORK, Sept. 6.—A Cincinnati special to
the Times says that the Duckworth Club of
that city will expel Gov. Campbell, who is one
of its leading members, for appointing Repub-
licans to office. Ex-Deputy Sheriff Frank
J. Kelly states that he will file charges against
the Governor at the next meeting of the club.
The constitution of the Duckworth Club pro-
vides that any member appointing Republi-
cans to office must be expelled. The trouble
grows out of appointment of a Republican as
superintendent of the Free Labor Bureau at
Columbus.

Texas Republican Ticket.

SAN ANTONIO, Sept. 6.—The State Republican
Convention is over. It was the stormiest ever
held in the State of Texas and resulted in a
victory for the negro party. The "Lily
Whites" got all the worst of it at every turn
and collector Cuney of the Galveston custom-
house has asserted his right to the Texas party.
Every thing he wanted he got except in the nomination of
Gov. Campbell. The convention was in session and
drew up a circular denouncing Campbell and
pointing out the dangers of the situation.
They urge the organization of
white man's party in the State.
Dr. Urvic, who made a speech
the day before and later tearing off his
badge, marched out of the hall,
leaving the negro party in the hands of the
Governor, Webster Fannagan of Henderson
County.

Attorney-General, J. B. Hagan of El Paso,
Comptroller, Wm. Werthoff of Detroit,
Land Commissioner, James S. McDowell of
Chicago.

Treasurer, John D. Schmitt of Denton.
State Superintendent of Education, D. M.
Lindner of Bexar.
They are all white men, but they are backed
by the negro vote and were nominated by the
negro delegates.

Injunction Refused.

LITTLE ROCK, Ark., Sept. 6.—Application
was made to the Circuit Court for an injunc-
tion restraining the Canvassing Board from
counting the returns from Pulaski County
from the precincts wherein the Sheriff elected
the legal judges and placed the polls in charge
of judges of his own selection. The application
was refused by the court. The court says:
There are no returns from the precincts in
which the Sheriff elected the legal judges and
various precincts in the Clerk's office, each
alleged pleading and duly verified by oath of
the respective parties to be the returns of
the election under our election
law. The whole matter of an election, in-
cluding the voting, the returns of the pre-
dict election officers, the canvassing,
the County Board and the certificate of that
board to be forwarded to the Secretary of State,
is to be completed, except in special cases of
duly for correcting returns on the 15th inst.
day. It can be seen at a glance what in-
evitable confusion would occur if the courts
should attempt to interfere with the return
report to the restraining order to stop this
election machinery and hold it in suspense
until a litigated right might be settled.

Opposed to Congressman Tillman.

CHARLESTON, S. C., Sept. 6.—It is generally
believed that Congressman G. D. Tillman,
brother of the Democratic and Alliance can-
didate for Governor for South Carolina, will
be antagonized by the Farmers' Alliance. W.
I. Thibert, the Alliance State Lecturer, is out
in a card in which he accused the Congress-
man of perjury in his testimony before the
committee on the Tillman case. He has
announced himself as a candidate for Till-
man's place, says in his card: "I am making
no personal fight against Gen. G. D. Tillman,
for, as a man, I admire him, but I don't hesi-
tate to say that everything honorable will be
done by me openly and above board to defeat
his canvass." Several of the county con-
ventions (Alliance) in the Second District,
have refused to take resolutions instructing
the delegates to vote for Tillman.

Massachusetts Ballot League.

BOSTON, Sept. 6.—A preliminary meeting to
organize the organization of the United Ballot
League, to be composed of those who favor the
abolition of the poll tax as a prerequisite for
voting was held last night, at which committee
were appointed to organize the League. The
order of the order, Letters of sympathy with
the project were received from Congressmen
Covell, Walker, and Wallace and
Randall, Gen. Banks, ex-Gov. Claflin, Sec-
retary Wardwell of the Republican State Com-
mittee and others.

Brooks for the State Senate.

RICHMOND, Mo., Sept. 6.—The Republican
State Convention for the Eighth District
met in this city yesterday afternoon and on
the first ballot Hon. James A. Brooks of Car-
roll was nominated by a vote of 23 to 20. Mr.
Brooks is a prominent farmer and stock-raiser
and is a very popular man.

Glick Will Be a Candidate.

ATLANTA, Ga., Sept. 6.—Ex-Gov. G. W.
Glick has announced himself as a candidate
for Governor. He at first refused to permit
his name to be used in the campaign. He
declined also to run Gov. Glick placed
himself in the hands of his friends.

First Under the New Law.

JACKSONVILLE, Mo., Sept. 6.—John W.
Moore, the Chairman of the Republican Con-
gressional Convention of the Sixth District,
has filed with Secretary of State Leasure the
certificate of nomination of John W. Redmon
of Booneville for Congress. This is the first
certificate filed under the new law, but it was
imperfect and had to be returned for cor-
rection.

The Hartford and Junesau Failure.

CHICAGO, Ill., Sept. 6.—A special dispatch
from Hartford, Wis., says: Judge H. W.
Bauer, assignee of the Bank of Hartford and
the Junesau Bank, which failed recently owing
to the collapse of the Park National of Chi-
cago, has filed schedules of the assets and
liabilities with the Circuit Court. The
schedules consist of about thirty pages, in-
cluding the names of all creditors and a list of
all property. The inventory shows about
\$25,000, but this includes Mr. Cook's over-
draft of about \$25,000. It also includes about
\$100 cash in the Park National Bank, the
right to which is not admitted, owing to Mr.
Cook having given the bank notes which are
uncashed. The title to the Junesau Bank Build-
ing is also in dispute.

Hailstorm in North Dakota.

CHICAGO, Ill., Sept. 6.—A special from Dar-
ien, N. D., says: The worst hailstorm on
record occurred here last evening and all
crops in this country that were spared by the
dread and ready for harvesting were utterly
ruined. For an hour huge hailstones fell,
smashing windows in every house in the city

Freeman, lot No. 17 at \$15.50; John Heller, lot 18 at \$15. On Kennedy avenue, north side, at the east end of the field, lot No. 1 was sold at \$15.50 a foot to W. B. Lange; S. A. Moody, lot No. 2, also fifty feet front, at \$14.75. Lot No. 3, 5,000 sq. ft. at \$15 to W. B. Lange, who also took the next lot, No. 4, at \$14.75.

In Florida place commencing on Marcus avenue at the southwest corner of Ashland 5,000 sq. ft. was sold at \$24.75 a foot to S. A. Moody, who bought the lot at \$20 to \$22 to the same bidder. Lots 6 and 7 at the northwest corner of Greer avenue and Marcus were sold at \$22 a foot to Wm. Pedler. Lot No. 8, 5,000 sq. ft. on the north line of Greer avenue, next west of the alley, 5,000 sq. ft. to a 15-foot alley on the rear, were sold at \$14 a foot to E. Howard.
